Part 48 Subpart A  
Cooperative Trainer

Dear Mr. Tapp:

The revision to the above referenced training plan filed per the provisions of 30 CFR, Part 48 Subpart A (Underground) has been reviewed and approved as of the date stamped on the enclosed copy. Your revision consisted of updating the General Information page.

***MSHA is requesting that all operators and contractors notify EFSMS and the District Office at least 14 days prior to any scheduled "New Miner" and "Annual Refresher" training, as per MSHA regulation 30 CFR 48.23(e). Also all training must be provided in a language understood by the trainee.***

The plan shall be reviewed on a regular basis to ensure the information remains current and the training courses reflect the work procedures and practices necessary for the employee's safety and health.

If you have any questions, please contact the Educational Field and Small Mine Services at (303)231-5434.

Sincerely,

 Digitally signed  
by MATTHEW  
LEMONS

Matthew L. Lemons  
District Manager

### Experienced Miner Training Program

### Section 48.6

Each experienced miner will receive the training prescribed in this section before beginning work duties. When an experienced miner returns to mining after an absence of 5 years or more, the miner will receive at least 8 hours of training.

#### Subjects

#### 1. Introduction to work environment [§ 48.6(b)(1)]

Teaching Methods: audio/video, discussion, lecture, site tour  
 Course Materials: applicable regulations, company, mine equipment, mine map, MSHA, vendor/manufacturer  
 Evaluation Methods: observation, oral feedback, written feedback

#### 2. Mandatory health and safety standards [§ 48.6(b)(2)]

Teaching Methods: audio/video, demonstration, discussion, lecture, site tour  
 Course Materials: applicable regulations, company, mine act, MSHA, vendor/manufacturer  
 Evaluation Methods: oral feedback, written feedback

#### 3. Authority and responsibility of supervisors and miners' representatives [§ 48.6(b)(3)]

Teaching Methods: audio/video, discussion, lecture  
 Course Materials: applicable regulations, company, company organization chart, company reporting procedures for hazards, mine act, MSHA  
 Evaluation Methods: oral feedback, written feedback

#### 4. Entering and leaving the mine; transportation; communications [§ 48.6(b)(4)]

Teaching Methods: audio/video, demonstration, discussion, lecture  
 Course Materials: applicable regulations, check-in/check-out procedures, company, mine communication systems, mine conveyances, mine map, MSHA, warning signals/directional signs  
 Evaluation Methods: observation, oral feedback, written feedback

APPROVED

**5. Mine map; escapeways; emergency evacuation; barricading [§ 48.6(b)(5)]**

Teaching Methods: audio/video, demonstration, discussion, lecture, site tour  
 Course Materials: applicable regulations, barricading (where applicable), company, escape, firefighting, and emergency evacuation plans, escapeway system, firefighting equipment, mine map, MSHA  
 Evaluation Methods: observation, oral feedback, written feedback

**6. Roof or ground control and ventilation plans [§ 48.6(b)(6)]**

Teaching Methods: audio/video, discussion, lecture  
 Course Materials: applicable regulations, company, extended cut plan, MSHA, roof or ground control plans, vendor/manufacture, ventilation plan  
 Evaluation Methods: oral feedback, written feedback

**7. Hazard recognition [§ 48.6(b)(7)]**

Teaching Methods: audio/video, discussion, lecture, site tour  
 Course Materials: applicable regulations, blasting procedures, company, MSHA, vendor/manufacture  
 Evaluation Methods: oral feedback, written feedback

**8. Prevention of accidents [§ 48.6(b)(8)]**

Teaching Methods: audio/video, discussion, lecture  
 Course Materials: accident reports, applicable regulations, company, MSHA, vendor/manufacture  
 Evaluation Methods: oral feedback, written feedback

**9. Emergency medical procedures [§ 48.6(b)(9)]**

Teaching Methods: audio/video, demonstration, discussion, lecture  
 Course Materials: applicable regulations, company, emergency medical arrangements, MSHA, vendor/manufacture  
 Evaluation Methods: observation, oral feedback, written feedback

**10. Health [§ 48.6(b)(10)]**

Teaching Methods: audio/video, demonstration, discussion, lecture  
 Course Materials: 1977 Mine Act, applicable regulations, company, dosimeters, dust control plan, health control plans, MSDS, MSHA, protective equipment, warning labels  
 Evaluation Methods: observation, oral feedback, written feedback

**APPROVED****11. Health and safety aspects of the tasks to which the experienced miner is assigned [§ 48.6(b)(11)]**

Teaching Methods: audio/video, demonstration, discussion, lecture, site tour  
 Course Materials: applicable regulations, company, HazCom Program, MSDS, MSHA, protective equipment, safe work procedures, vendor/manufacture

Evaluation Methods: observation, oral feedback, written feedback

---

**12. Self-rescue and respiratory devices [§ 48.6(b)(12)]**

---

Teaching Methods: audio/video, demonstration, discussion, lecture

Course Materials: applicable regulations, company, MSHA, training devices, vendor/manufacture

Evaluation Methods: donning device, fit test, observation, oral feedback, written feedback

**APPROVED**
